Hey Evan,

Those should have been options offered in the BSS Special Events Permit process check list online -- both the barricades and any DoT traffic Officers and also street cleaning services.

You did go through the Special Events portal, correct (<http://specialevents.lacity.org/Home>)?

Hey Adam. I'm having lunch with Rafik right now and we had a few questions:

Would it be possible to help with getting barricades and street closure staff from the city to help cut our costs?

Can we have a street cleaning crew from the city come at the end of the event at 7pm to collect our trash? If any exists.

Hey Evan,

Good deal, happy to hear that you've gotten through the process (I know it's a rather grueling one).

The DASH route will most likely be re-routed automatically (DoT is part of the internal Special Events Permitting notification process) -- but I'm not so sure on Metro. I'll check with them on Monday.

Hope that you have a pleasant weekend.

Hey Adam. Giving you an update on where we're at with Urban Air Market. We've spoken with LAPD, LAFD, and LADOT and are following up with them shortly.

Our BSS permit application is complete but we are waiting to hear about final approval. One thing we haven't discussed yet is rerouting the buses that day. How would you suggest pursuing that?
